

Free Membership for Student Veterans

We (the veterans in AMVETS) offer you free membership in appreciation for your military service. Only one in ten Americans has the fortitude to volunteer for military service. AMVETS knows the sacrifices of service and we offer you free membership in AMVETS while you are students.

AMVETS began as a group of loosely tied college veterans clubs. We know your struggles, we have been on the path you are travelling and are prepared to help.

AMVETS (American Veterans) was chartered by congress in 1947 (public law 216). We are mandated to helping veterans reintegrate into the American workforce. Our charter allows honorably discharged and actively serving military personnel to become members. Membership is available to all the services: Army, Air Force, Navy and Marines Corps, and members of the National Guard, Reserve and Coast Guard. The GI Bill and the VA home loan program are key initiatives we supported until they became law. **Two programs of interest:**

The Call of Duty Endowment works through AMVETS to find veterans jobs.

AMVETS National Service Officers will shepherd your VA claim.

AMVETS is prepared to help you succeed. Go to the link below.
