We have 176000 advocates for AMVETS.

Through our chain of command we will be able to reach each one of our members. Ask them to make a personal commitment to get 1 new member by the end of the year. Show the strength of our chain.

I _____ make a personal commitment to recruit one new member by the end of the year. If I don't, I will join the Bite the Bullet Club and bring in a new member by paying his first years dues. It will be my Christmas gift to him or her. It will be my Christmas gift to AMVETS.

Recruiting Cards

We have 25 images available. You can download the images here. Email it or copy it to a thumb drive. Take the image to a copy center like staples and for \$20 get 200 custom cards. When you are at the copy center tell them what you want on the back of the card. Here are a few examples.

Call to Arms

Give each member of your post a pack of 5 cards. Send the MALs a call to arms. We need their help. Re-usable plastic card holders are 10 for a dollar. To be a member of the 5:30 club you give five cards out in a 30 day period. If you are diligent, in a year you may get a member. Proud soldiers have stickers on their cars. I look for Veterans License plates, yellow ribbons and support out troops stickers. I saw a picture of a Stryker on the back of SUV yesterday. It's hard to get a card under a wiper blade at 65 mph. I leave a card in a patriot's door if I see them flying Old Glory on their home. Boots on the ground is the only way to own the land.

Recruiting Pictures

Many Veterans are enjoying their Golden years in retirement Communities. Donate a framed picture to remind them of the camaraderie we share as soldiers.

These full sizes images can be reproduced on a copy machine and put in a frame for a dollar. It will make a soldier feel proud to see this image hanging on wall in his community room. Ask if a veteran lives in this community and have a hammer and nail in your car just in case.

Thanks for your service to America. Thanks for your service to your fellow American Veterans. You are where the rubber meets the road. You are the boots on the ground.

AMVETS are always at the ready!
